API Details

Common Headers for all APIs - locale:en_IN

1. Create
URL - http://localhost:7707/api/v1/course/create
Method - POST
Body - {
   "name": "MBA1",
   "courseID": "C-12",
   "description": "Master of Business Administration 2"
}

2. View
URL - http://localhost:7707/api/v1/course/view/25ab6a48-72a5-4736-a77c-1c9dcaf479d7
Method - GET

3. Update
URL - http://localhost:7707/api/v1/course/update
Method - PUT
Body - {
   "id": "25ab6a48-72a5-4736-a77c-1c9dcaf479d7",
   "name": "MBA5",
   "courseID": "C-15",
   "description": "Master of Business Administration 5"
}

4. Delete
URL - http://localhost:7707/api/v1/course/delete/25ab6a48-72a5-4736-a77c-1c9dcaf479d7
Method - DELETE

Database Details

Database Name - courseTask

Queries
